NEXT PRODUCTION

Oh, men!

Oh, women!

The funniest, wackiest, cockeyedest comedy of many a season. A psychoanalyst loses his heart and his scientific calm but in the end manages to gain his professional morale as he embarks for a honeymoon abroad. Author Edward Chodorov says, "Men and women will never, but never get along together because they want such different things. Men want women and women want men." The play is intelligent, satirical and just plain downright funny.
