## California State University General Education (GE) Breadth Requirements Los Angeles City College 2020 - 2021 (Effective Fall 2020)

**IMPORTANT INFORMATION:** Courses on this list are approved for a specific academic year, which begins with the fall 2020 semester and remains valid through summer 2021.

The general education courses listed for the CSU system are specified within subject areas that satisfy lower division general education requirements for the CSU campuses. Students wishing to use a course to fulfill a CSU General Education requirement must be sure that the course is approved for the academic year in which it is taken. The CSU general education form changes each year. It is advised that students meet with a counselor regularly to review any changes. A course must be on the CSU GE Breadth during the term in which it is taken. If a course is taken before it is approved for inclusion, or after it is removed from the list, it cannot be used to meet the area requirement.

CSU GE Breadth certification is available to community college transfer students who satisfy the general education requirements in each subject area. To be “Certified” means that LACC has verified that a student has completed the lower division General Education requirements listed in each subject area A-E of the CSU GE Breadth pattern. Students who are CSU GE certified will only be responsible for an additional 9 semester units of upper division general education at their transfer CSU campus. To request CSU GE Breadth certification, the student must set up an appointment with a counselor to complete the request and the Articulation Office sign off for official approval. Or please have students go to the [Online Petition](#)

Students who have taken courses at other California community colleges (CCCs) can have these courses “passed along” in the certification process. Los Angeles City College will certify courses taken at other CCCs in the subject areas designated by the offering college. Courses taken at other regionally accredited colleges (in-state, out-of-state, private, public) will be evaluated by counseling faculty and approved by the Articulation Office. Courses from foreign institutions cannot be used in the certification process.

### ADDITIONAL INFORMATION

- A course cannot satisfy more than one General Education area requirement (even if listed under multiple areas).
- Courses used to satisfy General Education requirements may also satisfy Major Preparation requirements.
- LACC recommends that students complete as many lower division requirements for the major before transfer. Major preparation requirements can be accessed on [www.assist.org](http://www.assist.org), the official source for California articulation and student transfer information. Other lower division courses that are not offered at LACC may be required for the major after transfer.
- Students who certify with full CSU GE Breadth are eligible for a local certificate of achievement.
- Completion of the General Education requirements is not a guarantee of admission into a university but can increase the student’s chances for acceptance.
- Courses from foreign institutions cannot be used in the certification process; however, approved international courses can be evaluated at the receiving CSU and applied to CSU Campus-specific requirements.
- The CSU GE Breadth pattern may not be the best general education preparation pathway for ALL majors (such as Engineering, Computer Science and Liberal Studies – Teacher Prep). Please consult with a counselor to discuss an appropriate plan to meet your educational goals.
- Eligible students who transfer with the CSU GE Breadth for STEM will need to complete 6 semester units of lower-division GE and 9 units of upper-division GE after transfer. Students may be held to other campus specific graduation requirements outside of general education and major coursework.

1. Minimum of 60 semester or 90 quarter CSU transferable units with a cumulative grade point average of 2.0 or higher.
2. Courses satisfying Areas A1, A2, A3, and B4 (The “Golden Four”) must be completed with a grade of “C-” or better.
3. Students are encouraged to meet with a counselor to discuss the G.E. and lower division major requirements for transfer.
4. CSU GE certification is governed by the CSU system. The Articulation Office serves as faculty designee and has final review of all courses applied toward CSUGE and must sign off to be officially certified.
5. This advisement sheet can be modified or updated from time to time. All CSU transferable courses can be verified at the website: [www.assist.org](http://www.assist.org)
