

LACC Physics and Engineering Department's Spring 2018
Walter O'Connell Memorial Lecture

"ILLUMINATING GRAVITATIONAL WAVES"

A talk for everyone in the LACC community by

Dr. Mansi Kasliwal
Caltech Professor of Astronomy

Come hear 'Time Domain Astronomer' Dr. Kasliwal tell us about merging neutron stars, the discovery of an electromagnetic counterpart to the gravitational waves they emit, and where to find more gold than you could ever imagine!

4:00 PM THURSDAY, MAY 17

HOLMES HALL, ROOM 6

Refreshments will be served!
