

# Radiologic Technology Application Overview

## [RT Application Information Packet](#)

This seven page document provides details on how to apply to the Radiologic Technology Program. It includes specific information on when to apply and what documentation is required to be submitted with the application. This guide serves as the document that will give you all the information on the application process. It will also discuss ways to enhance your eligibility for entrance into the program.

## [RT Program Checklist](#)

This document serves as a final checklist for your application. It reminds you of all the necessary items that are needed with your application. **We recommend that you start gathering all of the required information as early as possible so that you do not miss the deadline to apply.** Please include this document with your 4 page application.

## [RT Paper Application](#)

This document is the application that is required to be submitted during the application period. It is four pages and the **applicant completes pages one and four only**. You will be required to submit the paper application as well as the online application that is available on the RT website from February 1 to March 31 of each year.

## [Online RT Application](#)

Starting February 1 to March 31 the online application to the Radiologic Technology Program will be available in the LACC RT Program page. It is a required part of the application process.
