Mathematics

MATH 010- Math As A Second Language (Msl) - 1 Unit

Students study the basic mathematics sequence. The course introduces mathematical language and notation, along with fundamental concepts necessary for successful completion of the mathematics sequence. Topics include writing and speaking mathematical language, understanding how to determine what a problem is asking, and a multi-step program for solving problems. Also included are techniques that will enable students to have a positive outlook toward future mathematics classes.

MATH 167- Pre-Statistics - 5 Units

Enrollment Requirement: LACC MATH 167 Requirements: Math 110 OR Math 112 or Placement in Math 167

Students learn key concepts of descriptive statistics such as observational and experimental design, graphical and tabular displays of data, measures of center and spread, probability, the normal distribution, and regression. This course is designed as a prerequisite solely for Statistics(Math 227). Students will not get math competency credit for taking this course towards an AA/AS degree. If students wish to proceed to another course other than Math 227, they would need to go back and take Math 125.

REGNRSG 108- Nursing Care For The Client With Psychosocial Needs (CSU) - 4 Units

Enrollment Requirement: REGNRSG 107

The student receives content on the bio-psycho-social impact of health-illness problems related to mental health. Mental health is presented as an adaptive process with emphasis on healthy personality and developmental factors which contribute to the prevention of mental illness. Stimuli which result in dysfunctional behavior, thinking and/or feelings are studied. The causes of stress are explored from a variety of theoretical perspectives. Major mental health problems are explored using the nursing process. The course provides the student with knowledge and understanding of the inter-relatedness of environmental factors which affect the health-illness continuum.
