**ACKNOWLEDGEMENT**

I understand that completing an application does not guarantee enrollment. I certify that the information I have given on this application is true and correct. I understand that if it is incorrect it may change my eligibility for Center services.

Subsidized child development services are not an entitlement; families must meet eligibility requirements. Ultimately, the burden of proof of eligibility is on the parent, not the Center. If the parent cannot prove eligibility, the Center has no obligation to serve the family. At any step in the completion of the enrollment process or child attendance in the program, services may be suspended, if fraud is substantiated. Documentation of fraud will be forwarded to the General Legal Council of the Los Angeles Community College District (LACCD). If a family has obtained services through fraud, repayment of outstanding balance of tuition is required before any future services are considered. The center may verify information/documentation provided by the parent.
