

CS & CIS Alignment Matrices

New CS and CIS Names for CO SCI Courses

Starting this fall 2020 semester, LACC will be replacing the current CO SCI courses with new course names and numbers to closely align them with the Computer Science (CS) and Computer Information Systems (CIS) disciplines. The new CS and CIS courses, however, will remain equivalent to the current CO SCI courses. As a reference, below is a list of the CS and CIS courses along with the former CO SCI numbers. Please keep this list handy when registering and feel free to share it with other students.
