

Los Angeles City College

Radiologic Technology
2020 Application Process

Application Overview

- The LACC RT Online Application is available from February 1 to March 31 of each year
- **(Due to the Pandemic, our application deadline was extended to April 30)**
- The LACC RT Online Application is located here:

[LACC RT Program Website](#)

Application Overview

- Applicants must submit the LACC RT online application before the April 30, 2020 4:30pm deadline
- Applicants must submit all official transcripts (including the courses from LACC) to the LACC Mailroom **via US mail only received by Friday June 26, 2020.**
 - All official transcripts must demonstrate completion of all RT prerequisite courses with a letter grade of “C” or higher and that the applicant has satisfied the LACC General Education requirements.

How to Submit Official Transcripts

**As a result of the pandemic, submission of official transcripts will accepted only via the US mail.
No in person drop offs will be accepted.**

Submit the transcripts via the US mail using the following address:

**Attention to LACC Radiology Program
855 North Vermont Avenue
Los Angeles, CA 90029**

- How to Request LACCD Official Transcripts Online: <https://bit.ly/2X6GIfQ>
- LACCD official transcripts can be requested to be sent directly to the LACC Radiology Program.
- Applicants must submit all official transcripts (including the courses from LACC) to the LACC Mailroom **via US mail only received by Friday June 26, 2020.**
- The Radiologic Technology Department will review all of the transcripts after the June 26, 2020 deadline.
- Please make sure all of your LACC grades are posted for the spring 2020 semester prior to requesting the official transcripts to be sent.
- All official transcripts must demonstrate completion of all RT prerequisite courses with a letter grade of “C” or higher and that the applicant has satisfied the LACC General Education requirements.

LACC RT Prerequisites

College classes completed outside LACCD

- Applicants who have completed general education courses outside of the Los Angeles Community College District (LACCD) should meet with a LACC counselor to verify they meet all of the general education requirements.
 - **As a result of the pandemic, please submit all official transcripts together and the LACC Program Director will meet with a counselor to verify completion of the general education courses outside of LACCD with the LACC Articulation Officer directly.**
- Applicants who have completed all of their prerequisite courses including general education courses within the LACCD are not required to submit a signed general education sheet from a LACC counselor. However, if the applicant is unsure if they have satisfied the general education requirements we highly recommend for them to meet with a LACC college counselor.
- Ultimately, it is the applicant's responsibility to complete all of the prerequisite requirements including general education requirements by the end of the spring 2020 semester.

Application Overview

- The LACC Radiologic Technology Department will review all applications and submitted transcripts during the month of July 2020.
- All applicants will be notified of their waiting list ranking either at the end of July 2020 or the beginning of August 2020 via email to their LACC Student Email Account.
 - No other criteria except for meeting the prerequisite requirements is factored into the selection process. We have moved to a [waiting list selection process](#).

LACC RT Prerequisites

- • RT 200 Introduction to Radiologic Technology
- • RT 201 Medical Terminology for Radiologic Technology
- • RT 202 Introduction to Electromagnetic Radiation Image Recording and Processing
- • RT 203 Introduction to Digital Radiography and Radiographic Anatomy

LACC RT Prerequisites

- • Human Anatomy 1 Introduction to Human Anatomy
- • Human Physiology 1 Introduction to Human Physiology

- • Math 125 or higher or meets requirements for an Associate Degree

- • English 101 College Reading and Composition I

- Applicants must satisfy all of the [General Education Requirements](#) for an Associate Degree by the end of the spring semester of the application year.

Application Responsibility

- Failure to comply with all of the aforementioned steps will lead to disqualification from the LACC RT Application Process.
