LACC RADIOLOGIC TECHNOLOGY

Department of Radiologic Technology

ABOUT

Radiologic Technology is a health care profession whose practitioners work in hospitals, clinics, free-standing imaging centers, and private offices. The Radiologic Technologist (Radiographer) is a member of the health care team who works directly with the patient and the physician, performing a wide variety of diagnostic X-ray procedures. A career in Radiologic Technology offers vast opportunities for advancement.

SCHOLARSHIPS

Our clinical partner **Kaiser Permanente** has provided Radiologic Technology students with an annual scholarship of up to \$10,000 total. The **Kaiser Permanente Radiologic Technology Scholarship** has been graciously provided by Kaiser for last ten years.

FACILITIES

LACC's Radiologic Technology Department has state of the art equipment, two live functioning x-ray rooms and modern audio visual tools for students to prepare for their clinical internships. Additionally, we are in the process of procuring virtual reality radiography software for students to practice taking x-ray exposures prior to their clinical internships.
