

President Mary Gallagher

On behalf of the Los Angeles City College community, I want to extend our congratulations and good wishes to our Class of 2021. I am very proud of your dedication and resolve and I admire each of you for your ability to face adversity and keep moving forward.

I want to especially express my deep appreciation to each and every one of you for the resilience and teamwork you have demonstrated during this past year under extraordinary constraints.

You have successfully navigated many challenging situations and you have reached the finish line. Your LACC education and learning experiences will serve you well in the years to come.

I would also like to give thanks to the parents, children, spouses, and friends of our graduates for their sacrifices, understanding and support during the past challenging yet rewarding year at LACC.

I am grateful for your understanding and patience as we made decisions for the good of all of the LACC Community commensurate with the global challenge of this health crisis. As we moved through this difficult

time, we hope to find some new ways to maintain our sense of community and connection.

Our Fall semester will be a hybrid of in person and online instruction. LACC is at its best and most impactful when we can study, teach, create, share ideas, and grow face-to-face. Accordingly, we very much want to return to more normal campus operations for the 2021-22 academic year. I am optimistic that the widespread availability of effective vaccines will provide us an opportunity to do just this.

Congratulations again to our graduates. The entire LACC community is very proud of you. I look forward to seeing students on campus again in a few months.

Sincerely,
President Mary Gallagher

New Guidelines for Summer

June 15 has been marked as the day California, and Los Angeles, will reopen our economy.

State officials have unveiled guidelines for lifting restrictions for summer and beyond.

Here are some of the new guidelines that will go into effect on June 15:

- Businesses will be able to serve their customers without any capacity limits or physical distancing.
- People who are fully vaccinated no longer need to wear masks in most situations.
- Organizers of crowded indoor events will need to verify that attendees are vaccinated or recently tested negative if more than 5,000 people are in attendance.
- At outdoor events with over 10,000 people, it is recommended that attendees be vaccinated or recently tested negative or wear masks.
- The Los Angeles Unified School District announced plans to fully reopen for in-person classes five days a week for the upcoming fall semester, providing families the option to continue with online learning if they choose to do so.

Public Health Director Barbara Ferrer also provided information that in LA County, **the chances of becoming infected after someone has been vaccinated are very rare.** Out of 3.3 million fully vaccinated people, only 933 later tested positive for the coronavirus. She added that our current vaccinations are working very well against outside variants.
